

Handy Hunter Year End Award

In the spirit of encouraging our membership to challenge themselves, the CDHJC Board would like to recognize those who participate in Handy Hunter classes. Our intent is NOT to burden local shows with the creation of special classes, but to recognize those handy hunter classes which are already planned.

Horses (currently registered with the CDHJC) ridden by Junior, Amateur, and Professional members of the CDHJC will be eligible for this year end award and classes will be approved/designated as prize lists for local horse shows are available.

If an eligible horse is pinned twice (with different, eligible riders) in one class (as could happen at the Skidmore shows), only the points from its higher placing will count. (In case a professional and an Amateur or Junior place on the same horse in the same handy hunter class, the Amateur's or Junior's points will count.)

We will use the equitation point scoring system to award points: In descending order from 1st place points are 20, 15, 10, 6, 5, 4, 3, 2.

Classes to count in 2018 (more to be added as prize lists come out):

Handy Hunter class at Skidmore College horse shows in April and September

CDHJC Hunter Classic held at the CDHJC Annual Horse Show

The Stockade Hunter Classic (June 10 and Sept 19)

Every finals class at the CDHJC Hunter Finals (we plan to run a handy for the Lows)
